MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

During the year under review, DT Capital Limited (formerly known as Incutech Investments Limited) (the "Company") and its subsidiaries (the "Group") has been successful in applying for the resumption of trading of shares ("the Resumption") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). With effect from 9:00 a.m. on 29 September 2014, the Company has resumed trading its shares on the Stock Exchange which was suspended since 9:30 a.m. on 13 June 2008.

For the year ended 31 December 2014, the Group recorded a loss attributable to equity holders of approximately HK\$3.7 million (2013: loss HK\$6.7 million). The loss per share was HK\$0.004 (2013: HK\$0.093). A decrease in loss in 2014 was mainly due to an increase in the net unrealised gain on financial assets at fair value through profit or loss of approximately HK\$3 million while compared with 2013. In addition, a decrease of interest expenses on unsecured short term loans from approximately HK\$0.71 million to HK\$0.37 million. The decrease in interest expenses was mainly due to the unsecured short term loans which had been fully settled in the middle of the year. Turnover in both 2014 and 2013 represented dividend income received from the financial assets at fair value through profit or loss of approximately HK\$0.18 million.

Upon resumption of trading of shares on the Stock Exchange, management has followed the Company's investment objectives, policies and restrictions to seek new investments. Furthermore, the Company has entered into the New Management Agreement and Corporate Finance Advisory Agreement with Hua Yu Investment Management Limited ("Hua Yu") in relation to the appointment of Hua Yu as the Company's investment manager and corporate finance advisor from 1 June 2014 to 31 May 2017. Hua Yu has proactively sought investment opportunities for the Group during the second half of the year 2014. Hence, the Group has successfully completed two investment plans. These include the subscription of a 3-year bond with 7% coupon rate issued by Yi Hua Department Store Holdings Limited ("Yi Hua Store"), which is a listed company in the Stock Exchange (stock code: 2213). Furthermore, the Company invested 20% in Good Quality Investment Limited ("Good Quality") in order to diversify the portfolio risk of the Company.

Prospects

2014 was a year with slow recovery in developed economies and increasing worries about the dynamics in emerging market economies. The global growth was lower than initially expected, picked up only marginally in 2014, to 2.6%, from 2.5% in 2013. With China slowing down and Japan and Eurozone stagnating, the global economy has become increasingly reliant on the US.

Looking ahead to the year of 2015, there are some glimmers of hope for a slightly faster pace of world growth. The International Monetary Fund (IMF)'s growth forecasts for the 2015 global economy is 3.5%.

Management would expect the US Federal Reserve might start raising rates in 2015 and the US growth is to be on an upswing. The US is actually the only major economy where the IMF has raised growth forecasts for the next two years. It may see a boost from lower oil prices and strong domestic demand helping the US economy to grow by 3.6% in 2015.

Eurozone growth is expected to rise moderately because of the strength of the US economy and the weak Euro, both of which help European exports, as well as the European Central Bank's easing monetary policy. The IMF predicts Eurozone growth of 1.2% in 2015 and 1.4% in 2016.

MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED)

China's economy is expected to gradually slow down in the coming years in line with the government's strategy to promote more balanced economic growth. The main downside risks continue to be the housing market adjustment, the decelerating credit growth and the advancement of difficult structural reforms in areas, such as local government debt management and interest rate liberalisation, etc. The IMF predicts China will expand 6.8% in 2015 and 6.3% in 2016.

As to financial market, management believe that in 2015 investors may see more volatility than in 2014. The combination of monetary policy divergence among global central banks and the prospect of the US rate hikes should lead to spikes in financial market volatility from time to time. Management always believe the key to success is in managing risk successfully. Management will continue to be cautious yet creative in our investment strategy and portfolio management.

Moreover, apart from trading securities, Hua Yu together with the management will continue to look with caution for other favourable investment opportunities with potential of asset appreciation as well as with a sustainable income stream across various sectors and regions to increase shareholder's return.

Financial Review

Liquidity and Financial Resources

The financial position of the Group changed from a weak position for the last corresponding year to a strong position with low debt leverage and strong interest cover as at 31 December 2014.

As at 31 December 2014, the total equity of the Group amounted to approximately HK\$149.78 million, representing an increase of approximately HK\$178.23 million that compared with the last year (Net liabilities: HK\$28.45 million). During the year, the Company has allotted and issued the subscription shares of 1,400,000,000 shares at the subscription price of HK\$0.1 per share to Sharp Years Limited and Hugo Lucky Limited (collectively, the "Offerors") pursuant to the terms and conditions of the subscription agreement (the "Subscription Agreement"). The subscription fund of HK\$140 million was received at the completion date on 30 June 2014. The Company had proposed to issue 427,500,000 ordinary shares at the price of HK\$0.1 per share (the "Open Offer Share") to the existing shareholders by way of Open Offer, which was approved by the Independent Shareholders at the extraordinary general meeting (the "EGM") on 24 June 2014. The Open Offer became unconditional on 27 August 2014 and was completed on 29 August 2014. The net proceeds from the Open Offer Share of approximately HK\$41.97 million had been fully received on the completion date.

As at 31 December 2014, the Group maintained a strong cash position and held short-term bank deposits, bank balances and cash amounting to HK\$113.85 million (31 December 2013: HK\$6,300).

The Group had net financial asset investments of approximately HK\$36.51 million as at 31 December 2014 (31 December 2013: HK\$5.34 million).

Gearing Ratio

The Group's total borrowings, comprising the amount due to a director and other payables and accruals, amounted to HK\$1.92 million as at 31 December 2014 (31 December 2013: HK\$33.92 million comprising short term loans, amount due to a director, and other payables and accruals). Pursuant to the circular of the Company dated 9 June 2014, the Company will use approximately HK\$39.9 million for settlement of the liabilities of the Group. Hence, the total borrowings of HK\$33.92 million as at 31 December 2013 had been settled during the year.

The Group's gearing ratio calculated on the basis of total borrowings over the shareholders' equity of the Company was approximately 1.28% as at 31 December 2014. As at 31 December 2013, the Group's gearing ratio was not applicable since the Group was in a negative equity position.

Final Dividend

The Board has resolved not to recommend any payment of final dividend for the year ended 31 December 2014 (2013: Nil).

Capital Structure

As at 31 December 2013, the authorised share capital of the Company was HK\$5,000,000 divided into 500,000,000 Shares at par value of HK\$0.01 each, of which 72,000,000 Shares have been issued and allotted as fully paid or credited as fully paid.

(a) Increase in Authorised Share Capital

The authorised share capital has been increased from HK\$5,000,000 divided into 500,000,000 shares to HK\$20,000,000 divided into 2,000,000,000 shares by the creation of an additional 1,500,000,000 shares, of which the ordinary resolution was passed by the Independent Shareholders at the EGM held on 24 June 2014.

(b) Increase in Issued and Fully paid Share Capital

Pursuant to the Subscription Agreement, the Company has allotted and issued the subscription shares, being 1,400,000,000 shares at the subscription price of HK\$0.1 per subscription share to the Offerors. The subscription of shares by Offerors was completed on 30 June 2014.

And on 29 August 2014, the Company has allotted and issued the open offer shares, being 427,500,000 shares at the price of HK\$0.1 per share to the other public shareholders. The net proceeds from the allotment was approximately HK\$41,969,000.

Capital Commitment and Contingent Liabilities

As at 31 December 2014, the Group had no material capital commitment and contingent liabilities.

Exposure to Fluctuations in Exchange Rates and Related Hedges

The Group's assets and liabilities are mainly denominated in Hong Kong Dollars and, therefore, the Group has no significant exposure to foreign exchange fluctuation.

Share Options

The Company does not have any share option scheme.

Employees and Remuneration Policies

As at 31 December 2014, the Group employed a total of 5 employees (2013: 4) including the executive directors of the Company. The remuneration packages consist of basic salary, mandatory provident fund, medical insurance, and other benefits considered as appropriate. Remuneration packages are generally structured by reference to market terms, individual qualification and performance. They are under periodic review based on individual merit and other market factors.

Appreciation

On behalf of the Board, I would like to take this opportunity to express my appreciation to the staff and management team of the Group for their contribution in 2014 and would like to give my sincere gratitude to the shareholders for their continual support.

By Order of the Board

Chan Pui Kwan

Chairman

Hong Kong, 27 March 2015

Auditors

Messrs. Li, Tang, Chen & Co. was appointed as auditors of the Company on 2 September 2014 to fill the casual vacancy following the resignation of W.H. Tang & Partners CPA Limited with effect from that date.

Messrs. Li, Tang, Chen & Co. retire and a resolution for their reappointment as auditors of the Company will be proposed at the forthcoming annual general meeting.

On behalf of the Board

Chan Pui Kwan
Chairman

Hong Kong, 27 March 2015

CORPORATE GOVERNANCE REPORT

The Board of directors of the Company (the “Board”) understands that sound corporate governance practices is fundamental to maintaining and promoting the confidence of shareholders of the Company (the “Shareholders”).

The Board is committed to maintaining and ensuring a high standard of corporate governance. The Board will review the corporate governance practices of the Company and its subsidiaries (the “Group”) from time to time to ensure that they reflect the latest development and meet the expectations of the Shareholders.

Corporate Governance Code Compliance

The Board has applied the principles and complied with the code provisions of the Corporate Governance Code (the “CG Code”) contained in Appendix 14 of the Rules (the “Listing Rules”) Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“Stock Exchange”) for the year ended 31 December 2014, save and except for the deviations of the following:

Code provision A.4.1 stipulates that non-executive directors should be appointed for a specific term, subject to re-election. The Company has not fixed the term of appointment for non-executive directors and independent non-executive directors which constitutes a deviation from code provision A.4.1. However, all non-executive directors and independent non-executive directors of the Company are subject to retirement by rotation at least once every three years and re-election at the annual general meeting of the Company pursuant to the articles of association of the Company.

Code provision A.6.7 stipulates that independent non-executive directors and other non-executive directors should attend general meeting and develop a balanced understanding of the views of shareholders. Two independent non-executive directors were unable to attend the annual general meeting (“AGM”) of the Company held on 2 September 2014 due to their other business engagements.

Apart from the above-mentioned deviations, the Board considers that sufficient measures have been taken to ensure that the Company’s corporate governance practices are no less exacting those in the code provision. The practice of the corporate governance of the Company will be reviewed and updated from time to time in order to comply with the requirement of the Listing Rules.

Directors’ Securities Transactions

The Company has adopted the Model Code set out in Appendix 10 of the Listing Rules as the code of conduct regarding securities transaction by the directors (the “Model Code”). Having made specific enquiry of all directors, the Company confirmed that all directors have complied with the required standards as set out in the Model Code during the year.

Corporate Governance Principles and Practices

The Board

The Board’s primary responsibilities are to formulate the Company’s long-term corporate strategy, to oversee the management of the Group, to evaluate the performance of the Group and to assess the achievement of targets periodically set by the Board.

In addition, the Board has also established Board Committees and has delegated to these Board Committees various responsibilities set out in their terms of reference respectively.

Board Composition

Upon the resignation of Mr. Tung Tat Wah, Mr. Wu Chun Wah, Michael, Mr. Siu Siu Ling, Robert and Mr. Lee Ming Ching, Stephen, the Board comprises eight directors (“Directors”) in total, with three Executive Directors (“ED”), two Non-Executive Directors (“NEDs”) and three Independent Non-Executive Directors (“INEDs”). The composition of the Board during the year and up to the date of the report is set out as follows:

EDs:	Mr. Leung King Yue, Alex (appointed on 7 July 2014) Mr. Lewis Chan (appointed on 7 July 2014) Mr. Leong Chi Wai (appointed on 7 July 2014) Mr. Tung Tat Wah (Chairman, resigned on 29 July 2014) Mr. Wu Chun Wah, Michael (resigned on 29 July 2014)
NEDs:	Ms. Chan Pui Kwan (<i>Chairman</i>) (appointed on 7 July 2014 and as Chairman on 24 October 2014) Mr. Ma Chun Fai (appointed on 7 July 2014)
INEDs:	Mr. Kwok Ming Fai Mr. Lo Chi Ming (appointed on 7 July 2014) Mr. Jochum Siebren Haakma (appointed on 7 July 2014) Mr. Siu Siu Ling, Robert (resigned on 29 July 2014) Mr. Lee Ming Ching, Stephen (resigned on 29 July 2014)

The names and biographical details of Directors are disclosed on pages 8 to 11 of this annual report. All Directors have confirmed that they have taken an active interest in the Company’s affairs and obtained a general understanding of its business.

Chairman and Chief Executive Officer

Code Provision A.2.1 stipulates that the roles of Chairman and Chief Executive should be separate and should not be performed by the same individual. Ms. Chan Pui Kwan acted as the Chairman of the Board. The Company does not have any officer with the title of “Chief Executive Officer” but instead, its duties are performed by the executive directors.

The Chairman focus on overall corporate development and strategic direction of the Group and oversees the efficient functioning of the Board. The executive directors are responsible for all daily management including planning and developing the Group’s strategy. Such division of responsibilities helps to reinforce their independence and to ensure a balance of power and authority. The Company shall ensure and facilitate each Director to take an active interest in the affairs of the Group so that each Director could make positive contribution to the Group.

Independent Non-Executive Directors

The board spectrum of background of the INEDs is valuable on the diversified perspectives of the Board. The INEDs bring a wide range of business, legal and financial expertise, experiences and independent judgement to the Board.

During the year of 2014, the Board at all times met the requirements of Rule 3.10(1) and Rule 3.10(2) of the Listing Rules relating to the appointment of at least three INEDs with at least one INED possessing appropriate professional qualifications, or accounting or related financial management expertise. In compliance with Rule 3.10A of the Listing Rules, INEDs represented at least one-third of the Board throughout the year ended 31 December 2014.

The Company has received a written annual confirmation from each INED of his independence pursuant to the requirement of Rule 3.13 of the Listing Rules, which confirmed to the Company that he has met the independence guidelines set out in the Listing Rules, and the Company also considers that they are independent.

Board Diversity Policy

The Company adopted a Board Diversity Policy (the "Board Diversity Policy") which became effective in September 2013. The Company seeks to achieve board diversity through the consideration of a number of factors in the Board members' selection process, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. All Board appointments are based on merits, and the selection of candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

Directors' Continuous Professional Development

Each newly appointed Director receives an induction package from the Company's legal advisor on the first occasion of his/her appointment. This induction package is a comprehensive, formal and tailored induction the responsibilities and on-going obligations to be observed by a director pursuant to the Companies Ordinance, Listing Rules and Securities and Futures Ordinance.

During the year, all the Directors had received training/briefing which covered topics in Directors' duties and liabilities, continuing obligations of a listed company, corporate governance and compliance issues after their appointments. Besides, the Company will arrange and fund suitable training for directors in order to develop and refresh their knowledge and skills.

Function

The overall management of the Group's operation is vested in the Board. The Board takes overall responsibility to oversee all major matters of the Group, including the formulation and approval of all policy matters, overall strategic development of the Group, monitoring and controlling the Group's operation and financial performance, internal control and risk management systems, and monitoring of the performance of the senior management. The Board has to make decisions objectively in the interests of the Company and its shareholders as a whole. The Board has established procedures to enable directors, upon reasonable request, to seek independent professional advice in appropriate circumstances at the Company's expense.

The day-to-day management, administration and operation of the Group are delegated to the senior management of the Group. The delegated functions and work tasks are periodically reviewed. Pursuant to the levels of authority approved by the Board, the senior management executes day-to-day operations unless the subject matter exceeds the authority granted by the Board or relates to any matters specifically reserved to the Board, they would seek approval from the Board.

Directors' and Officers' Liability

During the year, the Company has arranged directors' and officers' liabilities insurance for all directors and senior management of the Company for the year 2014/2015. The insurance covers them against claims, costs, charges and expenses incurred arising out of the Group's business and activities.

Board Meetings/General Meetings

The Board meets regularly to discuss the investment strategies as well as operation and financial performance of the Group, and to review and approve the Group's annual and interim results and other ad hoc matters. Notice, agenda and Board papers of Board and committee meetings are served to all directors prior to the meeting in accordance with the Company's Articles of Association and the CG Code requirement (except under emergency situation). Extraordinary and Annual General Meeting schedules and draft agenda are made available to the Directors in advance. Details of individual attendance of directors at the meetings of the Board, Remuneration Committee, Audit Committee, Nomination Committee, Extraordinary and Annual General Meeting are set out in the table below:

Board Committees

The Board has established (i) Remuneration Committee, (ii) Nomination Committee; and (iii) Audit Committee, with defined terms of reference. The terms of reference of the board committees which explain their respective roles and the authority delegated to them by the Board are posted on the websites of the Stock Exchange and the Company. The board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice and other assistance in appropriate circumstances, at the Company's expenses.

Remuneration Committee

The Remuneration Committee comprises of one executive director, Mr. Leung King Yue, Alex and three independent non-executive directors, Mr. Kwok Ming Fai, Mr. Lo Chi Ming and Mr. Jochum Siebren Haakma. It is chaired by Mr. Kwok Ming Fai after the resignation of Mr. Leung King Yue, Alex who held as Committee Chairman for the period from 29 July 2014 to 29 December 2014. The former Chairman Mr. Lee Ming Ching, Stephen and members Mr. Siu Siu Ling and Wu Chun Wah, Michael were resigned on 29 July 2014. The terms of reference of the Remuneration Committee have been reviewed with reference to the CG Code.

The revised written terms of reference of the Remuneration Committee was adopted in order to be in line with certain CG Code provisions which are implemented in April 2012.

The Remuneration Committee has adopted the operation model where it performs to make recommendations to the Board on the Company's policy and structure for all Director's and senior management remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy.

The Remuneration Committee's responsibilities are to review and made recommendations to the Board on the Company's policy for remuneration of Directors and senior management, to determine remuneration packages of executive Directors including fees, benefits in kind, pension rights and compensation payments, and to recommend the remuneration of non-executive Directors and independent non-executive Directors to the Board.

Set out below is the summary of the work of the Remuneration Committee done in 2014:

- to review and make recommendations to the Board on remuneration package for the EDs, NEDs and the INEDs;
- to explore the feasibility in setting up a share option scheme in the foreseeable future;
- to consider and approve the payment of bonus (if any); and
- to ensure that no Director or any of his associates is involved in deciding his own remuneration.

Audit Committee

The Audit Committee comprises of three independent non-executive Directors, namely, Mr. Kwok Ming Fai, Mr. Lo Chi Ming and Mr. Jochum Siebren Haakma. The former members Mr. Siu Siu Ling, Robert and Mr. Lee Ming Ching, Stephen were resigned on 29 July 2014. It is chaired by Mr. Kwok Ming Fai. - to assess the independence of independent non-executive Directors;
- to make recommendations to the Board on the appointment or re-appointment of directors and succession planning for directors, in particular the chairman and the chief executive; and
- to do any such things to enable the Nomination Committee to discharge its powers and functions conferred on it by the Board.

Corporate Governance Function

The Board is responsible for performing the corporate governance duties of the Company, including:

- i. to develop and review the Group's policies and practices on corporate governance;
- ii. to review and monitor the training and continuous professional development of the Directors and senior management;
- iii. to review and monitor the Company's policies and practices in compliance with legal and regulatory requirements; and
- iv. to review the Group's compliance with the CG Code and disclosure in this Corporate Governance Report.

Responsibilities in Preparing the Financial Statements

The Board is responsible for presenting a balanced, clear and understandable assessment of annual and interim reports, inside information announcements and other disclosures required under the Listing Rules and other regulatory requirements.

The Directors acknowledge their responsibilities for preparing the financial statements of the Company for the year ended 31 December 2014.

The statement of the external auditors of the Company about its reporting responsibilities on the financial statements is set out in the section headed "Independence Auditor's Report" on pages 31 to 32 of this Report.

Internal Control and Risk Management

The Company places great importance on internal control and risk management.

The Group's internal control system is designed to provide reasonable assurance against material misstatement or loss; to manage rather than completely eliminate the risk of system failure; and to assist in the achievement of the Group's agreed objectives and goals.

The Board, either directly or through its committees, sets objectives, performance targets and policies for management of key risks facing the Company. These include strategic planning, political and regulatory, acquisitions, investments, expenditure control, treasury and environment.

During the year, the Company complied with the code provisions on internal controls as stipulated in the CG Code. The Board has conducted a review of the internal control system of the Group and considered that the internal control system of the Group has been implemented effectively. There has no significant areas of improvement which are required to be brought to the attention to the members of the Audit Committee are revealed.

The Audit Committee has reviewed the internal control system and discussed the assessment bases with the management, and concurred that the Company has set up an effective internal control system to safeguard the assets of the Group.

Listing Rules Compliance

Throughout the year, the Group has fully complied with the Listing Rules requirements. financial reports, announcements and circulars have been prepared and published in accordance with the requirements of the Listing Rules.

Auditors' Remuneration

Audit Committee of the Company reviews the terms of appointment of the external auditors each year. The review includes its independence, the scope of its audit, its audit fees, and the scope and professional fees for any non-audit services.

For the year ended 31 December 2014, services provided to the Company by its external auditor and the respective fees paid were:

	2014 <i>HK\$</i>
Audit services	200,000
Non-audit services	186,050
	386,050

Company Secretary

Ms. Chiu Fung Chi, Doris ("Ms. Chiu"), the Company Secretary of the Company. Ms. Chiu is appointed by the Board and is an employee of the Company. She has day-to-day knowledge of the Group's affairs.

She coordinates and supplies of information to the Board and also ensures that board policy and procedures are followed for all board meetings. She is also responsible for advising the Board on corporate governance and the implementation of the CG Code. She has taken no less than 15 hours of the relevant professional training during the year ended 31 December 2014.

Communication with Shareholders

The Board recognizes the importance of good communication with Shareholders and highly respects the Shareholders' right to express their view and appreciates their suggestions to the Company.

The Company uses a number of formal communication channels to deliver the information to Shareholders in a timely manner for assuring the Shareholders are kept well informed of the Company's key business imperatives. These include general meetings, interim and annual reports, various announcements and circulars. The Company's website offers a communication channel between the Company and the Shareholders as the website be updated with published information of the Group.

Voting by Poll

Procedure for voting by poll has been included in all circulars accompanying notice convening general meeting and has been read out by the chairman at general meeting.

The voting procedures for demanding a poll by shareholders were written in the 2014 annual general meeting (the "AGM") circular, and the voting procedures were explained in the AGM.

Shareholders' Rights

The Company shall, for the purpose to keep its shareholders duly informed of their rights, publish from time to time the updated Articles of Association of the Company in a consolidated form on the website of the Stock Exchange and the Company.

During the year 2014, there had been no significant change in the Company's constitutional documents.

Procedures for Requisitioning an Extraordinary General Meeting

There are no provisions allowing shareholders to propose new resolutions at the general meetings under the Articles of Association of the Company or the Cayman Islands Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised). However, according to the Articles of Association of the Company, any one or more shareholders holding, at the date of deposit of the requisition, not less than one-tenth of the paid up capital of the Company carrying the right to vote at general meetings of the Company, by written requisition to the board or the company secretary of the Company at the principal place of business in Hong Kong, to request to convene an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within 2 months after deposit of such requisition. Any general meeting at which the passing of a special resolution is to be considered shall be called by not less than 21 clear days' notice, whilst others may be called by not less than 14 clear days' notice. If within 21 days of such deposit the Board fails to proceed to convene such meeting the shareholder(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the shareholder(s) as a result of the failure of the Board shall be reimbursed to the shareholder(s) by the Company.

Procedures for Sending Enquiries to the Board

Shareholders may send written enquires to the Company, for the attention of Company Secretary, by fax (852) 27786178 or mail to 1/F Shun On Commercial Building, 112-114 Des Voeux Road Central, Central, Hong Kong. The Company Secretary forwards communications relating to matters within the Board's purview to the Board and communications relating to ordinary business matters, such as suggestions, and inquiries to the executive Directors of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF DT CAPITAL LIMITED

(Formerly known as Incutech Investments Limited)

(incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of DT Capital Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 33 to 72, which comprise the consolidated and company statements of financial position as at 31 December 2014, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Directors' Responsibility for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 December 2014 and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

NOTES ON THE FINANCIAL STATEMENTS

For the year ended 31 December 2014

1. a) General

DT Capital Limited (“the Company”) (formerly known as Incutech Investments Limited) is a public limited company incorporated in the Cayman Islands with its shares listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The principal place of business of the Company in Hong Kong is 1/F., Shun On Commercial Building, 112-114 Des Voeux Road Central, Central, Hong Kong.

The Company and its subsidiaries (“the Group”) engage in investment holding and trading of securities.

The financial statements are presented in Hong Kong dollars, which is the same as the functional currency of the Company.

b) Background

The Company’s shares were suspended for trading on the Stock Exchange on 13 June 2008.

i) With the incoming of new investors and pursuant to the sale and purchase agreement dated 30 April 2013, Sharp Years Limited and Hugo Lucky Limited (“the Offerors”) agreed to acquire the sale shares, being 15,000,000 shares from Biggish Management Limited (“the Vendor”) at a total consideration of HK\$1,500,000, which was equivalent to HK\$0.1 per sale share.

The acquisition was completed simultaneously with the subscription referred to in (ii) below on 30 June 2014. The Offerors each acquired 7,500,000 shares from the Vendor.

ii) Pursuant to the subscription agreements dated 30 April 2013, the Company has allotted and issued the subscription shares, being 1,400,000,000 shares at the subscription price of HK\$0.1 per subscription share to Sharp Years Limited (“the First Offeror”) and Hugo Lucky Limited (“the Second Offeror”).

The subscription of shares by the Offerors was completed on 30 June 2014. 420,000,000 and 980,000,000 shares were allotted and issued to the First Offeror and the Second Offeror respectively.

iii) In order to facilitate the issue and allotment of the subscription shares referred to in (ii) above and future expansion in the share capital of the Company, the Board proposed that the authorized share capital of the Company be increased from HK\$5,000,000 divided into 500,000,000 shares to HK\$20,000,000 divided into 2,000,000,000 shares by the creation of an additional 1,500,000,000 shares.

The increase in authorized capital was approved by the independent shareholders at the extraordinary general meeting held on 24 June 2014 and became effective on 30 June 2014.

iv) With the open offer of shares on 29 August 2014, the Company has allotted and issued open offer shares, being 427,500,000 shares at the price of HK\$0.1 per shares to the other public shareholders. The net proceeds from the allotment were approximately HK\$41,969,000.

v) As all the resumption conditions have been fulfilled, the Company has resumed trading of share on the Stock Exchange on 29 September 2014.

NOTES ON THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2014

2. Adoption of New and Revised Hong Kong Financial Reporting Standards (“HKFRSs”)

The Group has adopted the following revised standards and a new interpretation for the first time for the current year’s financial statements.

Amendments to HKFRS 10, HKFRS 12 and HKAS 27 (2011)	<i>Investment Entities</i>
Amendments to HKAS 32	<i>Offsetting Financial Assets and Financial Liabilities</i>
Amendments to HKAS 36	<i>Recoverable Amount Disclosures for Non-Financial Assets</i>
Amendments to HKAS 39	<i>Novation of Derivatives and Contribution of Hedge Accounting</i>
HK(IFRIC)-Int 21	<i>Levies</i>

The nature and the impact of each amendment and interpretation is described below:

- a) Amendments to HKFRS 10 include a definition of an investment entity and provide an exception to the consolidation requirement for entities that meet the definition of an investment entity. Investment entities are required to account for subsidiaries at fair value through profit or loss rather than consolidate them. Consequential amendments were made to HKFRS 12 and HKAS 27 (2011). The amendments to HKFRS 12 also set out the disclosure requirements for investment entities. The amendments have had no impact on the Group as the Company does not qualify as an investment entity as defined in HKFRS 10.
- b) Amendments to HKAS 32 clarify the meaning of “currently has a legally enforceable right to set off” for offsetting financial assets and financial liabilities. The amendments also clarify the application of the offsetting criteria in HKAS 32 to settlement systems (such as central clearing house systems) which apply gross settlement mechanisms that are not simultaneous. The amendments have had no impact on the Group as the Group does not have any offsetting arrangement.
- c) Amendments to HKAS 36 remove the unintended disclosure requirement made by HKFRS 13 on the recoverable amount of a cash-generating unit which is not impaired. In addition, the amendments require the disclosure of the recoverable amounts for the assets or cash-generating units for which an impairment loss has been recognised or reversed during the reporting period, and expand the disclosure requirements regarding the fair value measurement for these assets or units if their recoverable amounts are based on fair value less costs of disposal. The amendments have had no impact on the financial position or performance of the Group.
- d) Amendments to HKAS 39 provide an exception to the requirement of discontinuing hedge accounting in situations where over-the-counter derivatives designated in hedging relationships are directly or indirectly, novated to a central counterparty as a consequence of laws or regulations, or the introduction of laws or regulations. For continuance of hedge accounting under this exception, all of the following criteria must be met: (i) the novations must arise as a consequence of laws or regulations, or the introduction of laws or regulations; (ii) the parties to the hedging instrument agree that one or more clearing counterparties replace their original counterparty to become the new counterparty to each of the parties; and (iii) the novations do not result in changes to the terms of the original derivative other than changes directly attributable to the change in counterparty to achieve clearing. The amendments have had no impact on the Group as the Group has not novated any derivatives during the current and prior years.

NOTES ON THE FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2014

2. Adoption of New and Revised Hong Kong Financial Reporting Standards (“HKFRSs”) (Continued)

- e) HK(IFRIC)-Int 21 clarifies that an entity recognises a liability for a levy when the activity that triggers payment, as identified by the relevant legislation, occurs. The interpretation also clarifies that a levy liability is accrued progressively only if the activity that triggers payment occurs over a period of time, in accordance with the relevant legislation. For a levy that is triggered upon reaching a minimum threshold, the interpretation clarifies that no liability should be recognised before the specified minimum threshold is reached. The interpretation has had no impact on the Group as the Group applied, in prior years, the recognition principles under HKAS 37 *Provisions, Contingent Liabilities and Contingent Assets* which for the levies incurred by the Group are consistent with the requirements of HK(IFRIC)-Int 21.

3. Issued but not yet Effective Hong Kong Financial Reporting Standards

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements:

Amendments to HKAS1 HKFRS 9	<i>Disclosure Initiative</i> ² <i>Financial Instruments</i> ⁴
Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i> ²
Amendments to HKFRS 10, HKFRS 12 and HKAS 28 (2011)	<i>Investment Entities: Applying the Consolidation Exception</i> ²
Amendments to HKFRS 11 HKFRS 14	<i>Accounting for Acquisitions of Interests in Joint Operations</i> ² <i>Regulatory Deferral Accounts</i> ⁵
HKFRS 15	<i>Revenue from Contracts with Customers</i> ³
Amendments to HKAS 16 and HKAS 38	<i>Clarification of Acceptable Methods of Depreciation and Amortisation</i> ²
Amendments to HKAS 19	<i>Defined Benefit Plans: Employee Contributions</i> ¹
Amendments to HKAS 27 (2011)	<i>Equity Method in Separate Financial Statements</i> ²
<i>Annual Improvements — 2010-2012 Cycle</i>	Amendments to a number of HKFRSs ¹
<i>Annual Improvements — 2011-2013 Cycle</i>	Amendments to a number of HKFRSs ¹
<i>Annual Improvements — 2012-2014 Cycle</i>	Amendments to a number of HKFRSs ²

¹ Effective for annual periods beginning on or after 1 July 2014

² Effective for annual periods beginning on or after 1 January 2016

³ Effective for annual periods beginning on or after 1 January 2017

⁴ Effective for annual periods beginning on or after 1 January 2018

⁵ Effective for an entity that first adopts HKFRSs for its annual financial statements beginning on or after 1 January 2016 and therefore is not applicable to the Group

In addition, the Hong Kong Companies Ordinance (Cap. 622) will affect the presentation and disclosure of certain information in the consolidated financial statements for the year ending 31 December 2015. The Group is in the process of making an assessment of the impact of these changes.

4. Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

(a) Basis of preparation:

The financial statements have been prepared in accordance with HKFRSs which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. The financial statements have been prepared under the historical cost convention except that financial assets at fair value through profit or loss are stated at fair value.

(b) Basis of consolidation:

The consolidated financial statements include the financial statements of Company and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2014. The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. All intra-group balances, transactions, unrealised gains and losses resulting from intra-group transactions and dividends are eliminated on consolidation in full.

(c) Property, plant and equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the assets to working condition and location for its intended use. Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance and overhaul cost, is normally charged to the profit or loss in the period in which it is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment, the expenditure is capitalised as an additional cost of the asset.

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives using the straight-line method, at the following rate per annum:

Leasehold improvements	20%
Computer equipment	20%
Furniture and fixtures	20%
Office equipment	50%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continuing use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is recognised in profit or loss in the year in which the item is derecognised.

4. Summary of Significant Accounting Policies (Continued)

(d) Subsidiaries:

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture.

In the Company's statement of financial position, the investments in subsidiaries are stated at cost less impairment losses.

(e) Investments:

The Group classifies its investments in the following categories: loans and receivables, financial assets at fair value through profit or loss and available-for-sale financial assets. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting date.

(i) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. At the end of each reporting period subsequent to initial recognition, loans and receivables are carried at amortised cost using the effective interest method, less any identified impairment losses. An impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

4. Summary of Significant Accounting Policies (Continued)

(e) Investments: (Continued)

(ii) *Financial assets at fair value through profit or loss*

At the end of each reporting period subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised directly in profit or loss in the period in which they arise. All derivatives financial assets are also categorised as financial assets at fair value through profit or loss unless they are designated as hedges.

(iii) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivatives that are either designated or not classified as any of the other categories (set out above). The Group designated investments in unlisted securities as available-for-sale financial assets.

After initial recognition, available-for-sale financial assets are subsequently measured at fair value, with unrealised gains or losses recognised as other comprehensive income in the fair value reserve until the investment is derecognised, at which time the cumulative gain or loss is recognised in the income statement, or until the investment is determined to be impaired, at which item the cumulative gain or loss is recognised in the income statement and removed from the fair value reserve.

When the fair value of unlisted equity securities cannot be reliably measured because (a) the variability in the range of reasonable fair value estimates is significant for that investment or (b) the probabilities of the various estimates within the range cannot be reasonably assessed and used in estimating fair value, such securities are stated at cost less any impairment losses.

(f) Impairment of assets:

At the end of each reporting period, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

In case of equity securities classified as available-for-sale financial assets, a significant or prolonged decline in the fair value of the equity securities below their cost is considered in determining whether the securities are impaired. Impairment losses recognised in profit or loss on equity securities are not reversed through profit or loss.

4. Summary of Significant Accounting Policies (Continued)

(g) Cash and cash equivalents:

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

(h) Foreign currency translation:

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

(iii) Group companies

The results and financial position of all the Group's entities that have a functional currency different from the presentation currency of the Group are translated into the presentation currency as follows:

- (a) assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- (b) income and expenses for each income statement are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (c) the resulting exchange differences are recognised in other comprehensive income and accumulated in the exchange reserve.

4. Summary of Significant Accounting Policies (Continued)

(i) Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case, the deferred tax is also recognised in other comprehensive income or directly in equity, respectively.

(j) Provisions and contingent liabilities:

Provisions are recognised for liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

4. Summary of Significant Accounting Policies (Continued)

(k) Revenue recognition:

- (i) Sales of investments in equity securities including available-for-sale financial assets and financial assets at fair value through profit or loss are recognised on a trade date basis when the risks and rewards of ownership are transferred and title has passed.
- (ii) Interest income is recognised as it accrues using the effective interest method.
- (iii) Dividend income from equity securities is recognised when the shareholders' rights to receive payment have been established.

(l) Operating lease:

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are recognised as expenses in profit or loss on a straight-line basis over the period of the lease.

(m) Related parties:

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
 - (i) The entity and the Group are members of the same Group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a Group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

4. Summary of Significant Accounting Policies (Continued)

(n) Segment reporting:

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

(o) Employees benefits:

Pension obligations

The Group participates a defined contribution mandatory provident fund scheme (the "MPF Scheme") which is available to all employees. Contributions to the MPF Scheme by the Group and its employees are calculated based on a percentage of employees' relevant income. The Group's contributions to the fund are incurred as expenses and the assets of the MPF Scheme are held separately from those of the Group in an independently administrated fund.

Payments to the Group's MPF Scheme are charged as expenses as they fall due.

5. Critical Accounting Estimates And Judgments

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group did not use any critical accounting estimates in the preparation of the financial statements.

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements.

Impairment of available-for-sale financial assets

For available-for-sale financial assets, a significant or prolonged decline in fair value below cost is considered to be objective evidence of impairment. Judgment is required when determining whether a decline in fair value has been significant and/or prolonged. In making this judgment, the historical data on market volatility as well as the price of the specific investment are taken into account. The Group also takes into account other factors, such as industry and sector performance and financial information regarding the issuer/investee.

6. Capital Risk Management

The Group manages its capital to ensure that the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior years.

The capital structure of the Group consists of equity reserves attributable to equity holders of the Company, comprising issued share capital, other reserves and retained profits.

The directors of the Company review the capital structure on a regular basis. As part of this review, the directors of the Company consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the directors, the Group will balance its overall capital structure through the payment of dividends and new share issues.

8. Financial Risk Management Objectives and Policies

(a) Financial risk factors:

The Group's major financial instruments comprise available-for-sale financial assets, other receivables and deposits, financial assets at fair value through profit or loss, cash and bank balances, short term loans, amount due to a director and other payables and accruals.

The Group's activities expose it to a variety of financial risks: equity price risk, credit risk, liquidity risk, interest rate risk and foreign currency risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(i) Equity price risk

The Group and the Company are exposed to equity securities which are classified in the consolidated statement of financial position as financial assets at fair value through profit or loss. These are susceptible to equity price risk arising from uncertainties about the future prices of the instruments. The Group's and the Company's equity price risk is managed through diversification of the investment portfolio ratios by exposures.

The following table demonstrates the sensitivity to every 5% change in the fair values of the listed equity securities or the derivative financial instruments, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period.

The Group and the Company

8. Financial Risk Management Objectives and Policies (Continued)

(a) **Financial risk factors: (Continued)**

(i) **Equity price risk (Continued)**

Concentration of equity price risk may arise if the Group has a significant investment in a single equity investment. At the end of the reporting period, the Group has a certain concentration risk in one (2013: one) equity investment which account for more than 5% of the total assets of the Group.

	% of total assets of the Group	
	2014	2013
Upbest Group Limited	5.03%	89.76%

(ii) **Credit risk**

The Group and the Company take on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Impairment provisions are provided for losses that have been incurred by the end of the reporting period, if any. The Group and the Company are responsible for monitoring the amount of credit exposure to any financial institution.

(iii) **Liquidity risk**

The Group and the Company invest in both listed and unlisted securities which are designated as available-for-sale financial assets and/or financial assets at fair value through profit or loss. Those listed securities are considered readily realisable as they are listed in regulated stock exchanges. Those unlisted securities may not be traded in an organised public market and may be illiquid. As a result, the Group and the Company may not be able to liquidate quickly its investments in these instruments at an amount close to their fair value in order to meet its liquidity requirements or to respond to specific events such as deterioration in the creditworthiness of any particular issuer. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of credit facilities and the ability to close out market positions.

The following table details the Group's and the Company's remaining contractual maturity for their financial liabilities. For non-derivative financial liabilities, the table has been drawn up based on the undiscounted cash flows of the financial liabilities based on the earliest date on which the Group and the Company can be required to pay. The table includes both interest and principal cash flows.

8. Financial Risk Management Objectives and Policies (Continued)

(a) Financial risk factors: (Continued)

(iv) Interest rate risk

The Group and the Company have no interest-bearing financial liabilities at the end of the reporting period (2013: The Group was exposed to interest rate risk in relation to short term loans). The Group and the Company only expose to changes in interest rates to their interest-bearing short-term bank fixed deposits.

The sensitivity analyses below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. The analysis is prepared assuming the amount of assets and liabilities outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the Group's loss for the year ended 31 December 2014 would decrease/increase by HK\$459,358 (2013: increase/decrease HK\$38,401).

(v) Foreign currency risk

The Group holds assets denominated in currencies other than the Hong Kong dollars, the functional currency. The Group does not enter into any hedging transactions to manage the potential fluctuation in foreign currency as the directors consider the Group has no significant foreign currency risk exposure.

(b) Fair values:

(i) Fair value hierarchy

The following table presents the fair value of the Group's and the Company's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs.

(ii) Fair values of financial instruments carried at other than fair value

The carrying amounts of the Group's and the Company's other financial instruments carried at costs are not materially different from their fair values as at 31 December 2014 and 31 December 2013.

Dividend income from listed equity securities	182,016	182,016

As the Group has just completed the reorganisation and resumption of trading of shares, therefore, there were no proceeds from sales of available-for-sale financial assets and sales of financial assets at fair value through profit or loss included in the turnover.

No analysis of the Group's turnover and contribution to operating profit for the current and prior years set out by principal activities and geographical markets is provided. It is because the Group has only one single business segment, investment holding, and all the consolidated turnover and the consolidated results of the Group are attributable to performance of the markets in Hong Kong.

No information about major customers has been disclosed as a substantial portion of the Group's income is derived from the Group's investments in listed equity securities and the disclosure of information regarding customers would not be meaningful.
